Two Day Hands on Wastewater Filamentous ID Training Class & Workshop.

The Instructor
Tracy Finnegan is an Environmental engineer with Environmental Leverage® Inc., Illinois. She was formerly associated with Nalco and Suez, where she worked for more than 12 years in numerous positions related to research, operations, design evaluation, auditing and troubleshooting. She now operates her own Environmental Engineering Company that supplies products, training, system audits and services for Wastewater.

www.EnvironmentalLeverage.com

Tracy has taught biological wastewater process control to operators and engineers for over 26 years & performed treatment system audits / troubleshooting for ~5-6000 industrial and municipal treatment plants. Tracy holds a BS degree in Business Chemistry from Northern Illinois University.

She is a co-author in WEFTEC’s Book Wastewater Biology: The MicroLife, and has now developed 12 new wastewater Training CD’s and Created Wastewater ELearning.

www.WastewaterElearning.com/Elearning

Please bring a 100-ml sample of your own MLSS Wastewater Treatment System & any previously stained slides you have prepared for analyses in the workshop!
