MicroClear® 101 is a high potency, bacteria-laden, powdered formulation for use in controlling algae through the competition of available nutrients in the water.

MicroClear® 101 contains a specially formulated, proprietary blend of microorganisms and surface tension suppressants/penetrants. Because of the diversity of the microorganism’s enzyme systems, this product is excellent for increasing water clarity through controlling algae population. The safe naturally occurring bacteria and enzyme systems are present in high numbers to handle difficult algae and odor related problems.

**DOSAGE AND APPLICATION INFORMATION**

Shock Dosage – Apply at first appearance of algae at a rate of 4-lbs. per acre-foot x 5 doses over a two-week period. Apply evenly over affected area. Maintenance Dosage: Apply at a rate of 2-lb. per acre-foot 1-2 times per week. Preventative Dosage: Apply at a rate of 2-lbs. per acre-foot, beginning in spring throughout the warm months.

*Note; If fertilizer is applied to surrounding areas, double dosage for 2 weeks.*
Applications of Use
ORNAMENTAL PONDS
GOLF COURSES
FOUNTAINS
OXIDATION DITCHES
RIVERS, LAKES & CANALS
BASINS
AERATED LAGOONS
WASTE WATER PLANTS
SEWERS
HOLDING TANKS
FACULTATIVE LAGOONS
COLLECTION SYSTEMS

MicroClear® 101
For Algae Control & Remediation:
Ponds, Canals, Rivers & Lakes
Product Bulletin

Typical Properties of Product
Appearance........................................light tan
Fragrance........................................mild-earthy
Form........................................powder
pH........................................6.8-8.5
Shelf-Life........................................2 years/u.o.c.
Flash Point................................................none

Performance Properties
Effective pH range..........................5.2 - 9.5
Effective Temperature Range...........35 - 130°F
Bacterial Enzyme Production..........Protease,
Lipase, Amylase, Urease, Cellulase

Storage & Handling
Storage............................................Store in a cool, dry place. Do Not Freeze
Container.............................................Keep lid closed on Plastic Pail. Do not store
water soluble pouches out of plastic container.
Handling.............................................Wash hands thoroughly with warm, soapy water

Bacterial Count
MicroClear® 101..............................................> 1x10⁹ (Billion per gram)
