The Instructor

Tracy Finnegan is an Environmental engineer with Environmental Leverage Inc., Illinois. She was formerly associated with Nalco Chemical Company, where she worked for more than 12 years in numerous positions related to research, operations, design evaluation, auditing and troubleshooting. She now started her own Environmental Engineering Company that supplies products, training, audits and services.

WWW.EnvironmentalLeverage.com

Tracy has taught biological wastewater process control to operators and engineers for over 17 years and performed audits and troubleshooting for ~5-6000 industrial and municipal treatment plants. Tracy holds a BS degree in Business Chemistry from Northern Illinois University.

She is a co-author in WEFTEC's Book Wastewater Biology: The MicroLife, and has now developed 12 new wastewater Training CD's

Please bring a 100-ml sample of your own wastewater treatment plant and any previous stained slides you have prepared for analyses in the

Accreditation
